

BITLIS EREN UNIVERSITY ERASMUS POLICY STATEMENT (EPS)

Bitlis Eren University (BEU) supports the European Union Modernisation and Internationalisation Agenda for Higher Education, and the Erasmus Charter for Higher Education is crucial to the realisation of our institutional plans, strategies and goals. We envisage that the effect of the European modernisation and internationalisation agenda in higher education. We consider that higher education is a power for good and makes a significant economic, highbrow and cultural contribution to the world. We are dedicated to worldwide excellence via the introduction of world-changing studies and high quality, inspirational teaching within an inclusive educational culture. These core values expressed in our institutional strategy permeate our method to global engagement. Central to the success of our imaginative and prescient of a worldwide university are the advantages derived from running collaboratively. Our international partnerships in both collaborating and non-participating international locations facilitate and support staff and student mobility, student recruitment, tendencies in teaching and learning. We consider that International collaborative partnerships are a core element in our broader strategic objectives in regard to teaching, studying and research.

In regard to mobility, we are dedicated to extending the variety and nature of the opportunities which we will provide to our students. We will continue to explore short-term mobility in order to encourage participation by a more diverse student body and to introduce new and less familiar study destinations. We will actively promote worldwide mobility while recruiting new students and to current students via our community of departmental co-ordinators, a programme of departmental presentations. We have efficaciously made preparations with partner establishments to permit students with disabilities to take part in Erasmus exchange. We will build on our revel in to enhance and develop inclusive guidelines and exercise in regard to all components of mobility. Mobility of academic and administrative staff is a concern for effective partnership courting management, assist of co-operation projects, professional training, teaching and programme development. In all our activities, we comprehend the importance of ordinary monitoring and evaluation, as well as benchmarking with peers, in order to inform and have an effect on our future practice, policy and strategy.

We anticipate to recognition broadly speaking on the development of selected present partnerships and to extend their scope so that they make a contribution to reaching the objectives of the EU Modernisation Agenda for Higher Education, for example, by means of developing relationships with other key stakeholders and/or cross-area co-operation. In order to understand these goals, we are able to interact in extra strategic and sustainable relationships based totally on greater profound mutual expertise of our capabilities, ability and priorities. We will be seeking to expand further, in co-operation with High Education Institutions in collaborating countries.

To sum up, BEU's internationalisation strategy is described as follows:

- Seeking excellence in higher education,
- Transparency and accountability,
- Supporting both freedom and discipline,

- Embracing total quality management,
- Adopting harmony in all mobility actions,
- Valuing culture, art and all kinds of social values,
- Being open to all types of cooperation for the welfare society,
- Possessing universal values, respecting human rights, and supporting supremacy of law,
- Adopting ethical approach,
- Seeking all students and staff have a multicultural experience.

In order to accomplish these goals, BEU considers continued participation in the Erasmus Programme between the years from 2021 to 2027 as a key strategy.
